Created ticket for API
Response status: 201
Ticket ID: 11
Ticket status: open
Ticket title: Device verification review: API
Ticket description: Issue type: Device verification review
Device: API
IP address: 10.10.10.200
Service: API
Device status: Reachable
DNS finding: Global: | Link 2 (ens3): 10.10.10.10 10.10.10.20
Checked at: 2026-09-11 17:55:57

Created ticket for DB
Response status: 201
Ticket ID: 12
Ticket status: open
Ticket title: Device verification review: DB
Ticket description: Issue type: Device verification review
Device: DB
IP address: 10.10.10.210
Service: DB
Device status: Reachable
DNS finding: Global: | Link 2 (ens3): 10.10.10.10 10.10.10.20
Checked at: 2026-09-11 17:55:57

Created ticket for DNS1
Response status: 201
Ticket ID: 13
Ticket status: open
Ticket title: Device verification review: DNS1
Ticket description: Issue type: Device verification review
Device: DNS1
IP address: 10.10.10.10
Service: DNS1
Device status: Reachable
DNS finding: Global: 127.0.0.1 | Link 2 (ens3): 10.10.10.20 127.0.0.1
Checked at: 2026-09-11 17:55:57

Created ticket for DNS2
Response status: 201
Ticket ID: 14
Ticket status: open
Ticket title: Device verification review: DNS2
Ticket description: Issue type: Device verification review
Device: DNS2
IP address: 10.10.10.20
Service: DNS2
Device status: Reachable
DNS finding: Global: 127.0.0.1 | Link 2 (ens3): 10.10.10.10 127.0.0.1
Checked at: 2026-09-11 17:55:57

Created ticket for PC1
Response status: 201
Ticket ID: 15
Ticket status: open
Ticket title: Device verification review: PC1
Ticket description: Issue type: Device verification review
Device: PC1
IP address: 192.168.10.102
Service: PC1
Device status: Reachable
DNS finding: Global: | Link 2 (ens3): 10.10.10.10 10.10.10.20
Checked at: 2026-09-11 17:55:57

Created ticket for PC2
Response status: 201
Ticket ID: 16
Ticket status: open
Ticket title: Unauthorized DNS configuration: PC2
Ticket description: Issue type: Unauthorized DNS configuration
Device: PC2
IP address: 192.168.20.101
Service: PC2
Device status: Reachable
DNS finding: /etc/resolv.conf: 203.0.113.10 | Unauthorized DNS detected: 203.0.113.10
Checked at: 2026-09-11 17:55:57

Created ticket for PC3
Response status: 201
Ticket ID: 17
Ticket status: open
Ticket title: Unauthorized DNS configuration: PC3
Ticket description: Issue type: Unauthorized DNS configuration
Device: PC3
IP address: 192.168.30.101
Service: PC3
Device status: Reachable
DNS finding: /etc/resolv.conf: 203.0.113.10 | Unauthorized DNS detected: 203.0.113.10
Checked at: 2026-09-11 17:55:57

Created ticket for PC4
Response status: 201
Ticket ID: 18
Ticket status: open
Ticket title: Device verification review: PC4
Ticket description: Issue type: Device verification review
Device: PC4
IP address: 192.168.10.101
Service: PC4
